

NOTICE OF PUBLIC HEARING

Pursuant to Article 18-A of NYS General Municipal Law, a public hearing will be conducted electronically, as hereinafter described, by the Erie County Industrial Development Agency (the “Agency”) on November 24, 2020 at 11:00 a.m. regarding the project, as described below, said public hearing, given the ongoing COVID-19 public health crisis and related Executive Orders issued by Governor Andrew M. Cuomo, to now be conducted electronically as hereinafter described. **PLEASE NOTE the special hearing logistics and instructions included at the end of this notice.**

Life Technologies Corporation, Thermo Fisher Scientific Inc., and/or Individual(s) or Affiliate(s), Subsidiary(ies), or Entity(ies) formed or to be formed on its behalf (the “Company”), has submitted an application to the Agency (a copy of which is on file at the office of the Agency) requesting the Agency to undertake a certain project (the “Project”) consisting of: (i) the acquisition of a leasehold interest in an approximately 1 +/- acre parcel of land located 3175 Staley Road, Town of Grand Island, Erie County, New York (the “Land”); (ii) the construction and equipping of a manufacturing facility addition totaling 50,000+/- SF to the existing manufacturing plant for the production of animal origin free (AOF) and Advanced Granulation Technology (AGT) products and reconfiguration of existing space (the “Improvements”); and (iii) the acquisition and installation therein, thereon or thereabout of certain items of machinery, equipment and other related personal property (the “Equipment” and, collectively with the Land and the Improvements, the “Facility”).

The Agency will acquire a leasehold interest in the Facility and lease the Facility back to the Company. The Company will operate the Facility during the term of the lease. At the end of the lease term, the leasehold interest will be terminated. The Agency contemplates that it will provide financial assistance to the Company for qualifying portions of the Project in the form of sales and use tax exemption benefits and real property tax abatement benefits consistent with the policies of the Agency.

PLEASE NOTE SPECIAL PUBLIC HEARING CONDUCT INSTRUCTIONS AND INFORMATION:

In accordance with Section 859-a of the NYS General Municipal Law, a representative of the Agency will present a copy of the Company's project Application which is also available for viewing on the Agency's website at www.ecidany.com. However, given the ongoing COVID-19 public health crisis and related Executive Orders issued by Governor Andrew M. Cuomo, the Agency will not be able to accommodate any in-person public attendance or participation at this hearing. Nonetheless, and in furtherance of the provisions of Section 859-a of the NYS General Municipal Law requiring interested parties be provided a reasonable opportunity, both orally and in writing, to present their views with respect to the Project, and pursuant to Governor Cuomo's Executive Order 202.15 issued on April 9, 2020, as amended from time to time, authorizing the conduct of public hearings through use of telephone conference, video conference and/or other similar service, the Agency will livestream the Public Hearing at <https://www.ecidany.com/streaming>. The Agency will provide public access to provide oral comments during the Public Hearing at <https://www.ecidany.com/public-comment-and->

Applicant Business Description

Describe in detail company background, history, products and customers. Description is critical in determining eligibility.

Grand Island Biological Company ("GIBCO") was established in 1962 in Grand Island, New York as an entrepreneurial effort to bring commercially prepared cell culture products to local markets such as Roswell Park Cancer Research Center and the State University of New York at Buffalo's biological and medical science research laboratories. Over the decades, the company has undergone ownership changes including in November 2008 when Life Technologies Corporation was created from the merger of Invitrogen Corporation and Applied Biosystems Inc. In 2014, the acquisition of Life Technologies Corporation by Thermo Fisher Scientific Inc. was completed, with Life Technologies Corporation remaining as a corporation and becoming part of the Life Sciences Solutions Group of Thermo Fisher Scientific Inc. The GIBCO brand is one of the premier global suppliers of cell culture products. Cell culture products manufactured at the Grand Island facility are used for a wide variety of applications in basic and applied life sciences research and in medical, diagnostic, therapeutic, and large-scale industrial biotechnology applications. Such applications include research into biological processes, cellular nutrition and genetic analyses, Covid research, cancer, AIDS research, and genetically-engineered pharmaceutical drug manufacturing. We compete in the life sciences industry against companies such as Merck (Germany), Millipore (MA), Lonza(MD), and GE/Hyclone (UT). The cell culture marketplace is growing at a fast pace. Company manufacturing operations are located in Europe and other locations in the United States besides Grand Island. As such, the Grand Island facility faces both internal and external competition to retain market share as well as compete for future growth. We need local development assistance to help secure these growth opportunities for the benefit of the Western New York Economy. Thermo Fisher Scientific is a U.S.-based provisioner of scientific instrumentation, reagents and consumables, and software and services to healthcare, life science, and other laboratories in academia, government, and industry (including in the biotechnology and pharmaceutical sectors).

What are the current real estate taxes on the proposed Project Site

263,000+/-

If amount of current taxes is not available, provide assessed value for each.

Land

\$

Building(s)

\$

If available include a copy of current tax receipt.

Are Real Property Taxes current at project location?

Yes

If no please explain

*The ECIDA has an unpaid tax policy and you will be required to certify all taxes and PILOTS are current.

Does the Applicant or any related entity currently hold fee title or have an option/contract to purchase the Project site?

Yes

If No, indicate name of present owner of the Project Site

Does Applicant or related entity have an option/contract to purchase the Project site?

No

Describe the present use of the proposed Project site (vacant land, existing building, etc.)

Existing manufacturing, research and development and office facility. Proposed development includes an expanded building on existing landscaped land with driveway, renovations to existing manufacturing (core liquid area) and office spaces to meet business demand, including a upgraded water for injection system and tanks to support the added capacity.

Provide narrative and purpose of the proposed project (new build, renovations) square footage of existing and new construction contemplated and/or equipment purchases. Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)

Existing building is ~300,000 sf site. The project involves the construction of a ~50,000+/- square foot (between 2 floors) addition to the existing manufacturing plant for the production of animal origin free (AOF) and Advanced Granulation Technology (AGT) products, and the purchase and installation of new machinery equipment and upgraded water for injection system in order to increase production capacity with renovated space of ~12,000. The design of the building addition will be capable of being reconfigured to support expected future manufacturing growth. New facility space and reconfigured existing spaces will allow for expansion of operations to meet customer demand.

Municipality or Municipalities of current operations

Grand Island, Erie County, NY

Will the Proposed Project be located within a Municipality identified above?

Yes

Will the completion of the Project result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state OR in the abandonment of one or more plants or facilities of the project occupant located within the state?

No

If the Proposed Project is located in a different Municipality within New York State than that Municipality in which current operations are being undertaken, is it expected that any of the facilities in any other Municipality will be closed or be subject to reduced activity?

No

(If yes, you will need to complete the Intermunicipal Move Determination section of this application)

Is the project reasonably necessary to prevent the project occupant from moving out of New York State?

No

If yes, please explain and identify out-of-state locations investigated, type of assistance offered and provide supporting documentation available**Have you contacted or been contacted by other Local, State and/or Federal Economic Development Agencies?**

Yes

If yes, please indicate the Agency and nature of inquiry below

preliminary meeting with various state agencies on possible incentives.

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

As stated above, without the agencies assistance the project may go elsewhere.

Describe the reasons why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)

Although the facility itself will not move, this large expansion and business opportunity is dependent upon receiving assistance. This project will create ~60 new full time permanent jobs at the project location. The project will allow us to serve our existing customer's increasing demand for our products as well compete in the expanding life sciences industry and gain additional customers/business. The opportunity exists to build this expansion in our Scotland facility who currently produce like products where government agencies have provided assistance for similar projects. Our Florida facility is being considered.

Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency

Yes

If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?

Obtaining this assistance will encourage the company to expand at the Grand Island location rather than outside the state. If the project moves out of GI the county will lose the opportunity for job creation and its economic impacts.

Will project include leasing any equipment?

No

If yes, please describe equipment and lease terms.

Site Characteristics**Is your project located near public transportation?**

No

If yes describe if site is accessible by either metro or bus line (provide route number for bus lines)**Has a project related site plan approval application been submitted to the appropriate planning department?**

Yes

If Yes, include the applicable municipality's and/or planning department's approval resolution, the related State Environmental Quality Review Act ("SEQR") "negative declaration" resolution, if applicable, and the related Environmental Assessment Form (EAF), if applicable.

If No, list the ECIDA as an “Involved Agency” on the related EAF that will be submitted to the appropriate municipality and/or planning department for site plan approval.

Will the Project meet zoning/land use requirements at the proposed location?

Yes

Describe the present zoning/land use

Industrial zoning

Describe required zoning/land use, if different

N/A

If a change in zoning/land use is required, please provide details/status of any request for change of zoning/land use requirements

N/A

Is the proposed Project located on a site where the known or potential presence of contaminants is complicating the development/use of the property?

No

If yes, please explain

Has a Phase I Environmental Assessment been prepared, or will one be prepared with respect to the proposed Project Site?

No

If yes, please provide a copy.

Have any other studies, or assessments been undertaken with respect to the proposed Project Site that indicate the known or suspected presence of contamination that would complicate the site's development?

No

If yes, please provide copies of the study.

If you are purchasing new machinery and equipment, does it provide demonstrable energy efficiency benefits?

Yes

If yes, describe the efficiencies achieved

Energy efficient Chillers and High Efficiency Air Handling Units.

You may also attach additional information about the machinery and equipment at the end of the application.

Does or will the company or project occupant perform research and development activities on new products/services at the project location?

Yes

If yes, include percentage of operating expenses attributed to R&D activities and provide details.

the large facility site includes RD, the new project expansion will not involve RD

Select Project Type for all end users at project site (you may check more than one).

For purposes of the following, the term “retail sales” means (i) sales by a registered vendor under Article 28 of the Tax Law of the State of New York (the “Tax Law”) primarily engaged in the retail sale of tangible personal property (as defined in Section 1101(b)(4)(i) of the Tax Law), or (ii) sales of a service to customers who personally visit the Project.

Will customers personally visit the Project site for either of the following economic activities? If yes with respect to either economic activity indicated below, you will need to complete the Retail section of this application.

■ Section VI: Retail Determination

To ensure compliance with Section 862 of the New York General Municipal Law, the Agency requires additional information if the proposed Project is one where customers personally visit the Project site to undertake either a retail sale transaction or to purchase services.

Please answer the following:

Will any portion of the project (including that portion of the costs to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?

No

If yes, complete the Retail Questionnaire Supplement below.

Section VII: Adaptive Reuse Projects

Adaptive Reuse is the process of adapting old structures or sites for new purposes.

Are you applying for tax incentives under the Adaptive Reuse Program?

No

Section VIII: Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.

Will the project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?

No

If Yes to either question, explain how, notwithstanding the aforementioned closing or activity reduction, the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Project occupant's competitive position in its respective industry:

Does this project involve relocation or consolidation of a project occupant from another municipality?

Within New York State

No

Within Erie County

No

If Yes to either question, please, explain

Will the project result in a relocation of an existing business operation from the City of Buffalo?

No

If yes, please explain the factors which require the project occupant to relocate out of the City of Buffalo (For example, present site is not large enough, or owner will not renew leases etc.)
