NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ERIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Company has presented an application in a form acceptable to the Agency. Based upon the representations made by the Company to the Agency in the Company’s application and any other correspondence submitted by the Company to the Agency, public hearing comments, if any, Agency Policy Committee review and recommendations of the Project and its December 9, 2020 resolution to approve the project subject to the terms and conditions as described herein, and Agency board member review, discussion, and consideration of same, the Agency hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act; and

(B) It is desirable and in the public interest for the Agency to appoint the Company as its agent for purposes of acquiring, constructing and/or renovating and equipping the Project; and

(C) The Agency has the authority to take the actions contemplated herein under the Act; and

(D) The action to be taken by the Agency will induce the Company to develop the Project, thereby increasing and/or retaining employment opportunities in Erie County, New York and otherwise furthering the purposes of the Agency as set forth in the Act; and

(E) The Project will not result in the removal of a civic, commercial, industrial, or manufacturing plant of the Company or any other proposed occupant of the Project from one area of the State of New York (the “State”) to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project located within the State; and the Agency hereby finds that, based on the Company’s application, to the extent occupants are relocating from one plant or facility to another, the Project is reasonably necessary to discourage the Project occupants from removing such other plant or facility to a location outside the State and/or is reasonably necessary to preserve the competitive position of the Project occupants in their respective industries, and, to the extent occupants are relocating from one plant or facility to another in another area of the State, the Agency has complied with the Intermunicipal Movement procedures as required in the Countywide Industrial Development Agency Uniform Tax Exemption Policy; and

(F) The Agency has assessed all material information included in connection with the Application necessary to afford a reasonable basis for the decision by the Agency to provide Financial Assistance for the Project as described herein; and

(G) The Agency has prepared a written cost-benefit analysis identifying the extent to which the Project will create or retain permanent, private sector jobs, the estimated value of any tax exemption to be provided, the amount of private sector investment generated or likely to be generated by the Project, the likelihood of accomplishing the Project in a timely fashion, and the extent to which the Project will provide additional sources of revenue for municipalities and school districts, and any other public benefits that might occur as a result of the Project; and

(H) The Company has provided a written statement confirming that the Project as of the date of the Application is in substantial compliance with all provisions the Act.

(I) Based upon a thorough and complete review of the Application and its accompanying materials and information, the EAF submitted by the Company, and the proceedings conducted by the Agency and the Town Board, pursuant to SEQR, the Agency hereby:

(i) consents to and affirms the status of the Town of Board as “Lead Agency” within the meaning of and for all purposes of complying with SEQR and determines that the proceedings undertaken by the Town Board under SEQR with respect to the undertaking of the Project by the Company (as agent of the Agency) satisfy the requirements of SEQR;

(ii) affirms that the Project involves an “Type I action” as that term is defined under SEQR;

(iii) reviews, considers, confirms, ratifies, and adopts such proceedings by the Town Board, including the “Negative Declaration”;

(iv) determines that the Project related increase in traffic at the intersections of the Project location will not exceed established levels due to the relocation of certain administrative employees to an alternative site, that increased noise levels associated with increased truck traffic entering and existing the Facility and Facility operations are within the Town of Grand Island accepted levels of noise per the Town of Grand Island Zoning Code, that no significant air quality impacts will result from the Project, no wetland impacts will result, and no substantial changes to existing ground or surface water quality or quantity will result, that no endangered or threatened specials or habitat will be impacted and the Project is not located within a Critical Environmental Area, that the Project will not conflict with the community’s current plans or goals, that there will be no adverse impacts on historic or archeological resources, that there will not be a major change in the use of energy, that the volume or use of hazardous materials related to Facility operations will be small and have no significant adverse impact, that there will be no substantial change to agricultural, open space, or recreation resources, that the number of additional people who will come to the Facility as a result of the Project will not be as large as the number of employees who recently transferred to other support locations, that

there are not any changes in two or more elements of the environment, no one of which has a significant impact on the environment but when considered together result in a substantial adverse impact, nor will there be two or more related actions undertaken, funded or approved producing significant cumulative impacts because the two possible building additions have been considered together within the EAF and the Town Board Negative Declaration and as such, the Project will result in no major impacts and, therefore, is one which will not cause significant damage to the environment, that the Project will not have a “significant effect on the environment” as such quoted terms are defined in SEQR, and that no “environmental impact statement” as such quoted term is defined in SEQR need be prepared for this action; and

(v) determines that all of the provisions of SEQR that are required to be complied with as a condition precedent to the approval of the Financial Assistance contemplated by the Agency with respect to the Project, and the participation by the Agency in undertaking the Project, have been satisfied. This determination constitutes a “negative declaration” (as such quoted terms are defined under SEQR) for purposes of SEQR.
