

NOTICE OF PUBLIC HEARING

Pursuant to Article 18-A of NYS General Municipal Law, a public hearing will be conducted electronically, as hereinafter described, by the Erie County Industrial Development Agency (the "Agency") on December 30, 2020 at 12:00 p.m. regarding the project, as described below, said public hearing, given the ongoing COVID-19 public health crisis and related Executive Orders issued by Governor Andrew M. Cuomo, to now be conducted electronically as hereinafter described. **PLEASE NOTE the special hearing logistics and instructions included at the end of this notice.**

Sucro Real Estate NY, LLC, and/or Individual(s) or Affiliate(s), Subsidiary(ies), or Entity(ies) formed or to be formed on its behalf (the "Company"), has submitted an application to the Agency (a copy of which is on file at the office of the Agency) requesting the Agency to undertake a certain project (the "Project") consisting of: (i) the acquisition by the Agency of a leasehold interest in approximately 12 acres of real property located at 2303 Hamburg Turnpike, Lackawanna, New York (the "Land") and the existing improvements located thereon, consisting of two buildings totaling approximately 174,600 square feet (the "Existing Improvements"), (ii) the renovation of the Existing Improvements and the construction of a new approximately 33,600 square foot building (the "Improvements") all for the purposes of accommodating new bulk and finished product storage, logistical operations, as well as sugar refining operations of the Company, and (iii) the acquisition by the Company in and around the Land, the Existing Improvements, and the Improvements of certain items of machinery, equipment and other tangible personal property (the "Equipment"; and, together with the Land, the Existing Improvements and the Improvements, the "Facility"). The Facility will be initially operated and/or managed by the Company.

The Agency will acquire a leasehold interest in the Facility and lease the Facility back to the Company. The Company will operate the Facility during the term of the lease. At the end of the lease term, the leasehold interest will be terminated. The Agency contemplates that it will provide financial assistance to the Company for qualifying portions of the Project in the form of sales and use tax exemption benefits, mortgage recording tax exemption benefits, and real property tax abatement benefits consistent with the policies of the Agency.

PLEASE NOTE SPECIAL PUBLIC HEARING CONDUCT INSTRUCTIONS AND INFORMATION:

In accordance with Section 859-a of the NYS General Municipal Law, a representative of the Agency will present a copy of the Company's project Application which is also available for viewing on the Agency's website at www.ecidany.com under tab Events/Public Hearings & Meetings. However, given the ongoing COVID-19 public health crisis and related Executive Orders issued by Governor Andrew M. Cuomo, the Agency will not be able to accommodate any in-person public attendance or participation at this hearing. Nonetheless, and in furtherance of the provisions of Section 859-a of the NYS General Municipal Law requiring interested parties be provided a reasonable opportunity, both orally and in writing, to present their views with respect to the Project, and pursuant to Governor Cuomo's Executive Order 202.15 issued on April 9, 2020 authorizing the conduct of public hearings through use of telephone conference,

video conference and/or other similar service, the Agency will livestream the Public Hearing for those wanting to listen only at <https://www.ecidany.com/streaming>. The Agency will provide public access to provide oral comments during the Public Hearing at <https://www.ecidany.com/public-comment-and-registration>. If you would like to make oral comments at the Public Hearing, please register to do so no later than 12:00 p.m. on December 29, 2020. After registering, you will receive a confirmation email containing information about joining the call to provide oral comments. Finally, the Agency also encourages all interested parties to submit written comments to the Agency, which will all be included within the public hearing record. Any written comments may be sent on the Agency's website, or mailed to the Agency at 95 Perry Street-Suite 403, Buffalo, NY 14203 until the comment period closes at 4:00 p.m. on January 26, 2021.

Applicant Business Description

Describe in detail company background, history, products and customers. Description is critical in determining eligibility.

The Applicant is a wholly-owned subsidiary of Sucro Holdings, LLC. Sucro was founded in 2014 and is a cane sugar wholesaler, with over \$300M in annual revenues, about 80% of which is generated by its US/Canada operation. Sucro has operations spanning the US, Canada, EU, the Caribbean, and the Andean region. Sucro operates a similar sugar refinery in Hamilton, ON, which produces liquid and refined sugar for industrial customers. Sucro's existing customer base includes Kraft-Heinz, Wholesome Sweeteners, Mondelez, Kellogg's, Nestle, Danone, Unilever, Post Cereals, and others. There is significant interest from our customers in a facility of this nature, which is a market dominated by a virtual duopoly that have high logistical costs to serve the North Central region from their existing facilities.

What are the current real estate taxes on the proposed Project Site

N/A

If amount of current taxes is not available, provide assessed value for each.

Land

\$ 220,446.00

Building(s)

\$ 0

If available include a copy of current tax receipt.

Are Real Property Taxes current at project location?

Yes

If no please explain

*The ECIDA has an unpaid tax policy and you will be required to certify all taxes and PILOTS are current.

Does the Applicant or any related entity currently hold fee title or have an option/contract to purchase the Project site?

Yes

If No, indicate name of present owner of the Project Site

Does Applicant or related entity have an option/contract to purchase the Project site?

Yes

Describe the present use of the proposed Project site (vacant land, existing building, etc.)

Vacant land and buildings that require significant improvements

Provide narrative and purpose of the proposed project (new build, renovations) square footage of existing and new construction contemplated and/or equipment purchases. Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)

The project site encompasses 12.04 acres, including two large buildings that require extensive renovations and the construction of a new building. The project entails: (1) completion of environmental remediation pursuant to BCP; (2) improvements to the land and buildings to recondition the property for bulk and finished product storage, logistical operations (in and out), as well as sugar refining operation; (3) improvements to port terminal to improve flow of raw material; (4) improvement of access roads and rail lines to move finished product out of facility; (5) equipment of production facility, including refining and packaging equipment; and (6) construction of a third building designated to storage of raw sugar. Total investment amount is projected at \$19,000,000 by December 2024. The applicant will be the owner and operator of the facility.

Municipality or Municipalities of current operations

Lackawanna

Will the Proposed Project be located within a Municipality identified above?

Yes

Will the completion of the Project result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state OR in the abandonment of one or more plants or facilities of the project occupant located within the state?

No

If the Proposed Project is located in a different Municipality within New York State than that Municipality in which current operations are being undertaken, is it expected that any of the facilities in any other Municipality will be closed or be subject to reduced activity?

No

(If yes, you will need to complete the Intermunicipal Move Determination section of this application)

Is the project reasonably necessary to prevent the project occupant from moving out of New York State?

Yes

If yes, please explain and identify out-of-state locations investigated, type of assistance offered and provide supporting documentation available

Sucro has been actively evaluating alternative locations for a US refinery. Although this is the only alternative currently being considered, we are actively looking for a site location.

Have you contacted or been contacted by other Local, State and/or Federal Economic Development Agencies?

No

If yes, please indicate the Agency and nature of inquiry below**If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:****Describe the reasons why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)**

While it is rapidly growing, Sucro remains a small business with a limited balance sheet and borrowing capacity. Our selection of the current site was primarily due to the BCP program and ECI tax benefits available. The development of this plant is expected to generate an additional \$250M in revenue and cement us as an alternative to the dominant US refiners. This project is expected to create 50 direct jobs and 50 indirect jobs in the area.

Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency

Yes

If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?

The facility we are looking to build requires a long-term commitment. Sucro is looking for a successful long-term partnership with the State and County. Without this initial support, we would need to evaluate alternate locations, which would eliminate the investment and job creation in the area.

Will project include leasing any equipment?

No

If yes, please describe equipment and lease terms.

Most of the equipment will be financed

Site Characteristics**Is your project located near public transportation?**

Yes

If yes describe if site is accessible by either metro or bus line (provide route number for bus lines)

It's accessible to NFTA route 76.

Has a project related site plan approval application been submitted to the appropriate planning department?

No

If Yes, include the applicable municipality's and/or planning department's approval resolution, the related State Environmental Quality Review Act ("SEQR") "negative declaration" resolution, if applicable, and the related Environmental Assessment Form (EAF), if

applicable.

If No, list the ECIDA as an "Involved Agency" on the related EAF that will be submitted to the appropriate municipality and/or planning department for site plan approval.

Will the Project meet zoning/land use requirements at the proposed location?

Yes

Describe the present zoning/land use

714 Light Industrial Manufacturing

Describe required zoning/land use, if different

N/A

If a change in zoning/land use is required, please provide details/status of any request for change of zoning/land use requirements

N/A

Is the proposed Project located on a site where the known or potential presence of contaminants is complicating the development/use of the property?

Yes

If yes, please explain

It is a portion of the former Bethlehem Steel site, which is currently in the NY State Brownfield Cleanup Program. It is a former steel mill manufacturing facility.

Has a Phase I Environmental Assessment been prepared, or will one be prepared with respect to the proposed Project Site?

Yes

If yes, please provide a copy.

Have any other studies, or assessments been undertaken with respect to the proposed Project Site that indicate the known or suspected presence of contamination that would complicate the site's development?

Yes

If yes, please provide copies of the study.

If you are purchasing new machinery and equipment, does it provide demonstrable energy efficiency benefits?

Yes

If yes, describe the efficiencies achieved

Reduction of power and gas through use of energy efficient motors, steam generators, condensate return, and water regeneration. You may also attach additional information about the machinery and equipment at the end of the application.

Does or will the company or project occupant perform research and development activities on new products/services at the project location?

Yes

If yes, include percentage of operating expenses attributed to R&D activities and provide details.

10%

Select Project Type for all end users at project site (you may check more than one).

For purposes of the following, the term "retail sales" means (i) sales by a registered vendor under Article 28 of the Tax Law of the State of New York (the "Tax Law") primarily engaged in the retail sale of tangible personal property (as defined in Section 1101(b)(4)(i) of the Tax Law), or (ii) sales of a service to customers who personally visit the Project.

Will customers personally visit the Project site for either of the following economic activities? If yes with respect to either economic activity indicated below, you will need to complete the Retail section of this application.

Section III: Environmental Questionnaire

INSTRUCTIONS: Please complete the following questionnaire as completely as possible. If you need additional space to fully answer any question, please attach additional page(s).

General Background Information

Address of Premises

2303 Hamburg Turnpike, Lackawanna, NY 14218

Name and Address of Owner of Premises

Sucro Real Estate NY, LLC, 2020 Ponce de Leon Blvd., Ste. 1204, Coral Gables, FL 33134

Describe the general features of the Premises (include terrain, location of wetlands, coastlines, rivers, streams, lakes, etc.)

Generally flat terrain on urban lands substantially created through historic slag deposition. No natural waterbodies exist on or adjacent to the premises, two manmade drainage channels are present on the property which served as historic storm water conveyance conduits.

Describe the Premises (including the age and date of construction of any improvements) and each of the operations or processes carried out on or intended to be carried on at the Premises

Three former steel manufacturing support buildings circa 1890-1910 deemed the Blowing Engine House, the Boiler House, and the Power House. Sucro Real Estate NY, LLC is in the process of procuring the Phase IA Business Park from Tecumseh Redevelopment Inc. with the intent to redevelop the Site for liquid sugar manufacturing. The redevelopment will be performed in the following three phases: Phase 1 - Sugar Warehouse: This phase includes refurbishing the former Blowing Engine House building (approx. 35,000 square feet) by performing remaining asbestos abatement, replacing the roof, installing a concrete floor and interior block sidewalls, and improving the aesthetics surrounding the building. Phase 2 - Packing & Intermodal Distribution: This phase includes repurposing the former Power House building for offices and finished product storage/packing in intermodals; installing underground utilities; and constructing a permanent access road, parking lots, greenspace, and storm water controls. Phase 3 - Sugar Refining: This phase includes repurposing the former Boiler House building and installing equipment for the sugar refining manufacturing process. Sugar refining start up is anticipated for fall/winter 2022.

Describe all known former uses of the Premises

Formerly used to support steel manufacturing operations by Bethlehem Steel Company. No other historic uses

Does any person, firm or corporation other than the owner occupy the Premises or any part of it?

No

If yes, please identify them and describe their use of the property

Have there been any spills, releases or unpermitted discharges of petroleum, hazardous substances, chemicals or hazardous wastes at or near the Premises?

Yes

If yes, describe and attach any incident reports and the results of any investigations

Known release of fuel oil from a historic above-ground storage tank, as well as elevated levels of certain metals and combustion byproducts, all of which are planned for remediation under the NY State Brownfield Cleanup Program (BCP) as documented in a Remedial Investigation/Alternatives Analysis Report revised October 2020

Has the Premises or any part of it ever been the subject of any enforcement action by any federal, state or local government entity, or does the preparer of this questionnaire have knowledge of: a) any current federal, state or local enforcement actions; b) any areas of non-compliance with any federal, state or local laws, ordinances, rules or regulations associated with operations over the past 12 months?

No

If yes, please state the results of the enforcement action (consent order, penalties, no action, etc.) and describe the circumstances

N/A

Has there been any filing of a notice of citizen suit, or a civil complaint or other administrative or criminal procedure involving the Premises?

No

If yes, describe in full detail

Solid And Hazardous Wastes And Hazardous Substances

Does any activity conducted or contemplated to be conducted at the premises generate, treat or dispose of any petroleum, petroleum-related products, solid and hazardous wastes or hazardous substances?

No

If yes, provide the Premises' applicable EPA (or State) identification number

Have any federal, state or local permits been issued to the Premises for the use, generation and/or storage of solid and hazardous wastes?

No

If yes, please provide copies of the permits.

Identify the transporter of any hazardous and/or solid wastes to or from the Premises

N/A

Identify the solid and hazardous waste disposal or treatment facilities which have received wastes from the Premises for the past two (2) years

None

Does or is it contemplated that there will occur at the Premises any accumulation or storage of any hazardous wastes on-site for disposal for longer than 90 days?

No

If yes, please identify the substance, the quantity and describe how it is stored

Discharge Into Waterbodies

Briefly describe any current or contemplated industrial process discharges (including the approximate volume, source, type and number of discharge points). Please provide copies of all permits for such discharges

No

Identify all sources of discharges of water, including discharges of waste water, process water, contact or noncontact cooling water, and stormwater. Attach all permits relating to the same. Also identify any septic tanks on site

Currently no such sources

Is any waste discharged into or near surface water or groundwaters?

No

If yes, please describe in detail the discharge including not only the receiving water's classification, but a description of the type and quantity of the waste

Air Pollution

Are there or is it contemplated that there will be any air emission sources that emit contaminants from the Premises?

Yes

If yes, describe each such source, including whether it is a stationary combustion installation, process source, exhaust or ventilation system, incinerator or other source

Stationary combustion: Three 500 HP Boilers are planned Exhaust/ventilation: Planned ventilation of filtered emissions from dust collector (bag house) used to control particulate from sugar conveyance

Are any of the air emission sources permitted?

No

If yes, attach a copy of each permit.

Storage Tanks

List and describe all above and under ground storage tanks at the Premises used to store petroleum or gasoline products, or other chemicals or wastes, including the contents and capacity of each tank. Please also provide copies of any registrations/permits for the tanks

None

Have there been any leaks, spills, releases or other discharges (including loss of inventory) associated with any of these tanks?

No

If yes, please provide all details regarding the event, including the response taken, all analytical results or reports developed through investigation (whether internal or external), and the agencies which were involved

Polychlorinated Biphenyls ("PCB" or "PCBs") And Asbestos

Provide any records in your possession or known to you to exist concerning any on-site PCBs or PCB equipment, whether used or stored, and whether produced as a byproduct of the manufacturing process or otherwise.

Have there been any PCB spills, discharges or other accidents at the Premises?

Yes

If yes, relate all the circumstances

Historic leakage of PCBs from oil-filled electrical equipment has impacted a small portion of the concrete floor in the power house building. This will be addressed as part of the planned Brownfield Cleanup Program remedial work.

Do the Premises have any asbestos containing materials?

Yes

If yes, please identify the materials

non-friable roofing and window caulk on Blowing Engine House

Section VI: Retail Determination

To ensure compliance with Section 862 of the New York General Municipal Law, the Agency requires additional information if the proposed Project is one where customers personally visit the Project site to undertake either a retail sale transaction or to purchase services.

Please answer the following:

Will any portion of the project (including that portion of the costs to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?

No

If yes, complete the Retail Questionnaire Supplement below.

Section VII: Adaptive Reuse Projects

Adaptive Reuse is the process of adapting old structures or sites for new purposes.

Are you applying for tax incentives under the Adaptive Reuse Program?

No

Section VIII: Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.

Current Address

State

Zip Code

Will the project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state?

No

Will the project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?

No

If Yes to either question, explain how, notwithstanding the aforementioned closing or activity reduction, the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Project occupant's competitive position in its respective industry:

Does this project involve relocation or consolidation of a project occupant from another municipality?

Within New York State

No

Within Erie County

No

If Yes to either question, please, explain

Will the project result in a relocation of an existing business operation from the City of Buffalo?

No

If yes, please explain the factors which require the project occupant to relocate out of the City of Buffalo (For example, present site is not large enough, or owner will not renew leases etc.)

What are some of the key requirements the project occupant is looking for in a new site? (For example, minimum sq. ft., 12 foot ceilings, truck loading docs etc.)

If the project occupant is currently located in Erie County and will be moving to a different municipality within Erie County, has the project occupant attempted to find a suitable location within the municipality in which it is currently located?

No

What factors have lead the project occupant to consider remaining or locating in Erie County?

If the current facility is to be abandoned, what is going to happen to the current facility that project occupant is located in?

Please provide a list of properties considered, and the reason they were not adequate. (Some examples include: site not large enough, layout was not appropriate, did not have adequate utility service, etc.) Please include full address for locations.

Section IX: Senior Housing

IDA tax incentives may be granted to projects under the Agency's Senior Citizen Rental Housing policy when the project consists of a multi-family housing structure where at least 90% of the units are (or are intended to be) rented to and occupied by a person who is 60 years of age or older.

Are you applying for tax incentives under the Senior Rental Housing policy?
