WHEREAS, pursuant to Article 18-A of the Act, the Agency desires to adopt a resolution describing the Project and the Financial Assistance that the Agency is contemplating with respect to the Project.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ERIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Company has presented an application in a form acceptable to the Agency. Based upon the representations made by the Company to the Agency in the Company’s application and any other correspondence submitted by the Company to the Agency, public hearing comments, if any, Agency Policy Committee review and recommendations of the Project

and its October 7, 2021 resolution to approve the Project subject to the terms and conditions as described herein, the Policy Committee and Agency board member review of the Project's cost benefit ratio, the costs of incentives so applied for, the anticipated new tax revenues to be generated by the Project, as well as the Project's contemplated community benefits, and Agency board member review, discussion, and consideration of same, the Agency hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act; and

(B) It is desirable and in the public interest for the Agency to appoint the Company as its agent for purposes of acquiring, constructing and/or renovating and equipping the Project; and

(C) The Agency has the authority to take the actions contemplated herein under the Act; and

(D) The action to be taken by the Agency will induce the Company to develop the Project, thereby increasing and/or retaining employment opportunities in Erie County, New York and otherwise furthering the purposes of the Agency as set forth in the Act; and

(E) The Project will not result in the removal of a civic, commercial, industrial, or manufacturing plant of the Company or any other proposed occupant of the Project from one area of the State of New York (the "State") to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project located within the State; and the Agency hereby finds that, based on the Company's application, to the extent occupants are relocating from one plant or facility to another, the Project is reasonably necessary to discourage the Project occupants from removing such other plant or facility to a location outside the State and/or is reasonably necessary to preserve the competitive position of the Project occupants in their respective industries, and, to the extent occupants are relocating from one plant or facility to another in another area of the State, the Agency has complied with the Intermunicipal Movement procedures as required in the Countywide Industrial Development Agency Uniform Tax Exemption Policy; and

(F) The Agency has assessed all material information included in connection with the Application necessary to afford a reasonable basis for the decision by the Agency to provide Financial Assistance for the Project as described herein; and

(G) The Agency has prepared a written cost-benefit analysis identifying the extent to which the Project will create or retain permanent, private sector jobs, the estimated value of any tax exemption to be provided, the amount of private sector investment generated or likely to be generated by the Project, the likelihood of accomplishing the Project in a timely fashion, and the extent to which the Project will provide additional sources of revenue for municipalities and school districts, and any other public benefits that might occur as a result of the Project; and

(H) The Company has provided a written statement confirming that the Project as of the date of the Application is in substantial compliance with all provisions the Act.

(I) Based upon a thorough and complete review of the Application and its accompanying materials and information, the EAF submitted by the Company, and the proceedings conducted by the Agency pursuant to SEQR, the Agency hereby determines:

(i) The Project constitutes a "Type I Action" as defined under 6 N.Y.C.R.R. § 617.4 of SEQR, subject to a coordinated review. The Agency intends to act as Lead Agency and has notified all of the Involved Agencies that it intends to act as Lead Agency under SEQR, and no objection to the Agency assuming such status has been made and as such the Agency will act as Lead Agency.

(ii) The Project will be constructed upon land previously developed as a surface parking lot. The Agency further determines that the Project will not require an air permit and therefore there will be no impact on air quality, that no ground or surface water quality or quantity will be adversely impacted and the site will utilize on-site stormwater management, the action will not have a substantial adverse change in existing traffic levels as the site is located in a developed urban area having adequate road capacity and the site is served by public transportation, that there will be no adverse change in noise levels as the use is similar to the existing character of the neighborhood, the Project will not substantially increase solid waste production and lighting will be code compliant and thus will not impact adjacent properties, that there will be no flooding impacts and the Project will not result in the removal or destruction of vegetation or fauna or otherwise impact fish and wildlife species or impact significant habitat areas or threatened or endangered animal or plant species, that the Project is not located within or adjacent to a Critical Environmental Area, that the Project is consistent with the community's current neighborhood uses and existing neighborhood character, that the Project will not impact historic or archeological resources, that the Project will not result in a substantial increase in energy consumption, that the Project will not create a hazard to human health, that no substantial change in use of land, agricultural, open space or recreational resources will result, that the Project will not encourage or attract a large number of people to the site, the Project does not involve changes in two or more elements of the environment, no one of which has a significant adverse impact on the environment, but when considered together results in a substantial adverse impact, and the Project does not include two or more related actions, none of which has or would have a significant impact on the environment, and as such.

(iii) The Project will result in no major impacts and, therefore, is one which will not have a "significant effect on the environment" as such quoted term is defined in SEQR, and that no "environmental impact statement" as such quoted term is defined in SEQR needs to be prepared for this action.

(iv) All of the provisions of SEQR that are required to be complied with as a condition precedent to the approval of the Financial Assistance contemplated by the Agency with respect to the Project, and the participation by the Agency in undertaking the Project, have been satisfied. This determination constitutes a "negative declaration" (as such quoted terms are defined under SEQR) for purposes of SEQR and the Agency incorporates these findings in Parts II and III of the EAF, as applicable.

(J) The Project qualifies for Agency Financial Assistance as it meets the Agency's evaluative criteria established by the Agency as required under General Municipal Law Section 859-a(5), as evidenced by the following:

(i) *Wage Rate (above median wage for area):* Average annual salary of jobs to be retained: \$60,000.

(ii) *Regional Wealth Creation (% sales/customers outside area):* 100% sales outside the area.

(iii) *In Region Purchases (% of overall purchases):* Approximately 10% of annual supplies, raw material and vendor services are purchased within Erie County and are valued at over \$100 million (since 2017).

(iv) *Research and Development Activities:* Approximately 3.3% of cost of goods sold is attributed to R&D.

(v) *Investment in Energy Efficiency:* Energy efficiency is achieved through the increased production capabilities of the new equipment. Upon completion of the project, company is forecasting a 30% reduction in Btu/lb. Energy efficient HVAC and lighting will be utilized in the new building.

(vi) *Locational Land Use Factors, Brownfields or Locally Designated Development Areas:* N/A.

(vii) *LEED/Renewable Resources:* Not seeking LEED certification.

(viii) *Retention/Flight Risk:* Should Sumitomo not move forward with the proposed project, the necessary upgrades to the Facility are unlikely to be undertaken. Sumitomo Rubber USA is considering making investments in other locations, both domestically and outside the U.S.

(ix) *MBE/WBE Utilization:* MWBE Questionnaire-statement provided by Buffalo Construction Consultants, Project Contractor.

(x) *Workforce Access-Proximity to Public Transportation:* Supported by NFTA Routes 40 and 35.

Section 2. The Agency hereby authorizes the undertaking of the Project and the provision of the Financial Assistance to the Company as described herein.

Section 3. Subject to the Company executing an Agent Agreement and the delivery to the Agency of a binder, certificate or other evidence of insurance for the Project satisfactory to the Agency, the Agency hereby authorizes the Company to proceed with the acquisition,

construction and equipping of the Project and hereby appoints the Company as the true and lawful agent of the Agency: (i) to acquire, construct and/or renovate and equip the Project; (ii) to make, execute, acknowledge and deliver any contracts, orders, receipts, writings and instructions, as the stated agent for the Agency with the authority to delegate such agency, in whole or in part, to agents, subagents, contractors, and subcontractors of such agents and subagents and to such other parties as the Company chooses; and (iii) in general, to do all things which may be requisite or proper for completing the Project, all with the same powers and the same validity that the Agency could do if acting in its own behalf; provided, however, the authority to appoint the Company to act as agent of the Agency, if said appointment is not duly made, as herein expressed, shall expire one year from the date of this resolution (unless extended for good cause by the Chair, the Vice Chair, the President/Chief Executive Officer, the Vice President, the Chief Financial Officer/Treasurer, and/or the Assistant Treasurer).

A. Financial Assistance. With respect to the foregoing, and based upon the representations and warranties made by the Company in its application for Financial Assistance, the Agency hereby:

(i) authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project and that would otherwise be subject to New York State and local sales and use tax in an amount estimated up to \$8,100,000, and, therefore, the value of the sales and use tax exemption benefits (“sales and use tax exemption benefits”) authorized and approved by the Agency cannot exceed \$708,750, however, the Agency may consider any requests by the Company for increases to the amount of sales and use tax exemption benefits authorized by the Agency upon being provided with appropriate documentation detailing the additional purchases of property or services; and

(ii) authorizes and approves that the real property tax abatement benefits (“PILOT benefits”) to be provided over the term of the PILOT Agreement are estimated to be approximately \$1,053,437, resulting in estimated total PILOT payments of \$280,027 over the term of the PILOT Agreement.

B. Terms and Conditions of Financial Assistance. Pursuant to Section 875(3) of the New York General Municipal Law, and per the policies of the Agency, the Agency may recover or recapture from the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, any New York State and local sales and use tax exemption benefits and/or partial abatements from real property taxes benefits taken or purported to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, if it is determined that: (i) the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, is not entitled to the New York State and local sales and use tax exemption benefits; (ii) the New York State and local sales and use tax exemption benefits are in excess of the amounts authorized to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project; (iii) the New York State and local sales and use tax exemption benefits are for property or services not authorized by the Agency as part of the Project; (iv) the Company has made a material false statement on its application for Financial Assistance; (v) the New York

State and local sales and use tax exemption benefits and/or the partial abatement from real property taxes benefits are taken in cases where the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, fails to comply with the Investment Commitment, the Employment Commitment, and/or the Local Labor Commitment, said commitments, as described below, being a material term or condition to use property or services in the manner approved by the Agency in connection with the Project; and/or (vi) the New York State and local sales and use tax exemption benefits and/or the partial abatement from real property taxes benefits are taken in cases where the Company fails to comply with the Equal Pay Commitment and/or the Unpaid Real Property Tax Policy Commitment, as described below, being a material term or condition to use property or services in the manner approved by the Agency in connection with the Project.

As a condition precedent of receiving Financial Assistance, the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, must cooperate with the Agency in its efforts to recover or recapture any Financial Assistance, and promptly pay over any such amounts to the Agency that the Agency demands.

(C) Commitments. As an additional condition precedent of receiving Financial Assistance, and as a material term or condition as approved by the Agency in connection with the Project, the Company covenants and agrees and understands that it must, subject to potential modification, termination and/or recapture of Financial Assistance for failure to meet and maintain the commitments and thresholds as described below, submit, on an annual basis or as otherwise indicated below through the termination of the PILOT Agreement, a certification, as so required by the Agency, confirming:

- (i) Investment Commitment- the total investment actually made with respect to the Project at the time of Project completion equals or exceeds \$107,100,000 (which represents the product of 85% multiplied by \$126,000,000, being the total project cost as stated in the Company's application for Financial Assistance).
- (ii) Employment Commitment – that there are at least 1,399 existing full time equivalent (“FTE”) employees located at, or to be located at, the Facility as stated in the Company's application for Financial Assistance (the “Baseline FTE”); and
 - the number of current FTE employees in the then current year at the Facility; and
 - that within two (2) years of Project completion, the Company has maintained FTE employment at the Facility equal to 1,399 FTE employees. In an effort to confirm and verify the Company's employment numbers, the Agency requires that, at a minimum, the Company provide employment data to the Agency on a quarterly basis, said information to be provided on the Agency's “Quarterly Employment Survey” form to be made available to the Company by the Agency.

- (iii) Local Labor Commitment - that the Company adheres to and complies with the Agency's Local Labor Workforce Certification Policy on a quarterly basis during the construction period.
