#### Describe the present use of the Proposed Project site

Vacant manufacturing facility and accessory properties (parking lots)

Please provide narrative of the proposed project and the purpose of the proposed project (new build, renovations, and/or

# equipment purchases). Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)

The project includes the renovation of a vacant, 235,000 sf manufacturing facility at 683 Northland to house the WNY Workforce Training Center (WTC) for Advancing Manufacturing and Electrical Utilities, as well as to create a small business center. The WNY Workforce Training Center will occupy approximately 93,000 sf or 40% of the building. The WNY-WTC will be operated by the Economic Development Group, a newly created not-for-profit comprised of the Buffalo Urban League, Goodwill of Buffalo and Erie County, Catholic Charities of WNY, and the Buffalo Niagara Manufacturing Alliance. The remainder space will transformed into a multi-tenant manufacturing facility and marketed to small manufacturing companies. Buffalo Manufacturing Works (BMW) is a prospective tenant that could occupy a portion of the space. Industrial training equipment will be purchased for the WNY-WTC. 683 Northland is the fomer headquarters and primary manufacturing facility for the Niagara Machine & Tool Company and is eligible for the National Register of Historic Places. The project is an historic preservation project and is eligible for Historic Preservation Tax Credits. The property is also a brownfield site and has been accepted into the NYS Brownfield Cleanup Program.

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

# Describe the reasons why the Agency's Financial Assistance is necessary and how the Financial Assistance enables the company to undertake the Project to facilitate investment, job creation and/or job retention. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)

Although the project is being funded with State financial assistance, and eligible for both Historic Preservation and Brownfield Cleanup Program Tax Credits, the extraordinary costs associated with renovation of a 100+ year old office and manufacturing facility, historic preservation and brownfield remediation exceed the available resources for the project. The project is expected to serve approximately 300-350 low-income and disadvantaged residents of Erie County per year, and provide training necessary to help these individuals find jobs in the advanced manufacturing and energy sectors. The Project is intended to help fill the expected demand of over 20,000 jobs by the Year 2020 in these employment sectors. This project is also located in a highly distressed census tract, with 39% poverty and 29% unemployment. Therefore, the project is expected to serve as a catalyst for neighborhood revitalization. The remaining space in the building, will be rented to private-sector manufacturing companies, with the potential to provide employment opportunities for up to 284 individuals.

# Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency

Yes

# If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?

The scope of the project may need to be reduced.

#### Will project include leasing any equipment?

<BLANK>

If yes, please describe equipment and lease terms.

#### Site Characteristics

#### Will the Project meet zoning/land use requirements at the proposed location?

Yes

### Describe the present zoning/land use

D-IL (Light Industrial)

### Describe required zoning/land use, if different

The proposed use is consistent with the Zoning.

# If a change in zoning/land use is required, please provide details/status of any request for change of zoning/land use requirements

A change in zoning is not required.

# Is the proposed Project located on a site where the known or potential presence of contaminants is complicating the development/use of the property?

Yes

If yes, please explain

Yes, the site is a former industrial site with PCB, Volatile Organic Compounds (VOC's) and other contaminants. The site has been accepted in the New York State Brownfield Cleanup Program and will be remediated as part of the redevelopment project.

#### Has a Phase I Environmental Assessment been prepared, or will one be prepared with respect to the proposed Project Site? Yes

If yes, please provide a copy.

Have any other studies, or assessments been undertaken with respect to the proposed Project Site that indicate the known or suspected presence of contamination that would complicate the site's development? Yes

If yes, please provide copies of the study.

#### If you are purchasing new machinery and equipment, does it provide demonstrable energy efficiency benefits?

The project will meet current New York State Energy Codes and will strive to achieve LEED Silver status.

You may also attach additional information about the machinery and equipment at the end of the application.

Does or will the company or project occupant perform research and development activities on new products/services at the project location?

No

If yes, please explain.

#### What percentage of annual operating expenses are attributed to the above referenced research and development activities?

#### Select Project Type for all end users at project site (you may check more than one)

Will customers personally visit the Project site for either of the following economic activities? If yes with respect to either economic activity indicated below, complete the Retail Determination contained in Section IV of the Application.

Please check any and all end uses as identified below.

### Section V: Environmental Questionnaire

#### General Background Information

Address of Premises	683 Northland, Buffalo, NY 14211
Name and Address of Owner	683 Northland LLC, c/o Buffalo Urban Development Corporation, 95 Perry Street, Buffalo, NY
of Premises	14203

Describe the general features of the Premises (include terrain, location of wetlands, coastlines, rivers, streams, lakes, etc.)

The premise is an abandoned industrial complex in an urban setting.

Describe the Premises (including the age and date of construction of any improvements) and each of the operations or processes carried out on or intended to be carried on at the Premises

The original portion of the premise was constructed in 1911, with multiple additions added through 1981.

#### Describe all known former uses of the Premises

The premise was always used for manufacturing, first by Niagara Machine & Tool and then by the successor company, Clearing Niagara.

Does any person, firm or corporation other than the owner occupy the Premises or any part of it?

No

If yes, please identify them and describe their use of the property

Have there been any spills, releases or unpermitted discharges of petroleum, hazardous substances, chemicals or hazardous wastes at or near the Premises?

Yes

#### If yes, describe and attach any incident reports and the results of any investigations

There is PCB contaminated flooring in the building and soils outside the building, as well as petroleum contamination inside and outside the building. The site has been entered into the New York State Brownfield Cleanup Program and a Remedial Investigation Work Plan is being implemented at this time.

Has the Premises or any part of it ever been the subject of any enforcement action by any federal, state or local government entity, or does the preparer of this questionnaire have knowledge of: a) any current federal, state or local enforcement actions; b) any areas of non-compliance with any federal, state or local laws, ordinances, rules or regulations associated with operations over the past 12 months?

No

If yes, please state the results of the enforcement action (consent order, penalties, no action, etc.) and describe the circumstances

Has there been any filing of a notice of citizen suit, or a civil complaint or other administrative or criminal procedure involving the Premises?

No

If yes, describe in full detail

#### Solid And Hazardous Wastes And Hazardous Substances

Does any activity conducted or contemplated to be conducted at the premises generate, treat or dispose of any petroleum, petroleum-related products, solid and hazardous wastes or hazardous substances?

No

If yes, provide the Premises' applicable EPA (or State) identification number

Have any federal, state or local permits been issued to the Premises for the use, generation and/or storage of solid and hazardous wastes?

No

If yes, please provide copies of the permits.

Identify the transporter of any hazardous and/or solid wastes to or from the Premises

#### 4/11/2017

Identify the solid and hazardous waste disposal or treatment facilities which have received wastes from the Premises for the past two (2) years

Does or is it contemplated that there will occur at the Premises any accumulation or storage of any hazardous wastes on-site for disposal for longer than 90 days?

No

If yes, please identify the substance, the quantity and describe how it is stored

#### Discharge Into Waterbodies

Briefly describe any current or contemplated industrial process discharges (including the approximate volume, source, type and number of discharge points). Please provide copies of all permits for such discharges

None

Identify all sources of discharges of water, including discharges of waste water, process water, contact or noncontact cooling water, and stormwater. Attach all permits relating to the same. Also identify any septic tanks on site

None

Is any waste discharged into or near surface water or groundwaters?

No

If yes, please describe in detail the discharge including not only the receiving water's classification, but a description of the type and quantity of the waste

#### Air Pollution

Are there or is it contemplated that there will be any air emission sources that emit contaminants from the Premises?

No

If yes, describe each such source, including whether it is a stationary combustion installation, process source, exhaust or ventilation system, incinerator or other source

Are any of the air emission sources permitted?

No

If yes, attach a copy of each permit.

#### Storage Tanks

List and describe all above and under ground storage tanks at the Premises used to store petroleum or gasoline products, or other chemicals or wastes, including the contents and capacity of each tank. Please also provide copies of any registrations/permits for the tanks

Existing storage tanks will be removed as part of the Brownfield Cleanup Program.

Have there been any leaks, spills, releases or other discharges (including loss of inventory) associated with any of these tanks? Yes

If yes, please provide all details regarding the event, including the response taken, all analytical results or reports developed through investigation (whether internal or external), and the agencies which were involved

#### Polychlorinated Biphenyls ("PCB" or "PCBs") And Asbestos

Provide any records in your possession or known to you to exist concerning any on-site PCBs or PCB equipment, whether used or stored, and whether produced as a byproduct of the manufacturing process or otherwise.

#### Have there been any PCB spills, discharges or other accidents at the Premises?

Yes

#### If yes, relate all the circumstances

The circumstances are unknown. PCB contamination was discovered during site investigations.

#### Do the Premises have any asbestos containing materials?

Yes

#### 4/11/2017

# If yes, please identify the materials

ACM are found throughout the building, particularly in floor tiles, window caulking and window glazing.

#### Section VI: Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.

# Will the project result in the removal of an industrial or manufacturing plant of the Project occupant No from one area of the state to another area of the state?

Will the project result in the abandonment of one or more plants or facilities of the Project No occupant located within the state?

If Yes to either question, explain how, notwithstanding the aforementioned closing or activity reduction, the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Project occupant's competitive position in its respective industry:

Does this project involve relocation or consolidation of a project occupant from another municipality or abandonment of an existing facility?

Within New York State	No

Within Erie County No

If Yes to either question, please, explain

Will the project result in a relocation of an existing business operation from the City of Buffalo?

No

If yes, please explain the factors which require the project occupant to relocate out of the City of Buffalo (For example, present site is not large enough, or owner will not renew leases etc.)

What are some of the key requirements the project occupant is looking for in a new site? (For example, minimum sq. ft., 12 foot ceilings, truck loading docs etc.)

If the project occupant is currently located in Erie County and will be moving to a different municipality within Erie County, has the project occupant attempted to find a suitable location within the municipality in which it is currently located? No

What factors have lead the project occupant to consider remaining or locating in Erie County?

If the current facility is to be abandoned, what is going to happen to the current facility that project occupant is located in?

Please provide a list of properties considered, and the reason they were not adequate. (Some examples include: site not large enough, layout was not appropriate, did not have adequate utility service, etc.) Please include full address for locations.

### Section VII: Adaptive Reuse Projects

Are you applying for tax incentives under the Adaptive Reuse Program?	Yes
What is the age of the structure (in years)?	106
Has the structure been vacant or underutilized for a minimum of 3 years? (Underutilized is defined as a minimum of 50% of the rentable square footage of the structure being utilized for a use for which the structure was not designed or intended)	Yes
If vacant, number of years vacant.	20
If underutilized, number of years underutilized.	20
Describe the use of the building during the time it has been underutilized:	The building was used for miscellaneous storage for industrial equipment.
Is the structure currently generating insignificant income? (Insignificant income is defined as income that is 50% or less than the market rate income average for that property class)	No
If yes, please provide dollar amount of income being generated, if any	\$
Does the site have historical significance?	Yes
Are you applying for either State/Federal Historical Tax Credit Programs?	Yes
If yes, provide estimated value of tax credits	\$ \$15,000,000

Briefly summarize the financial obstacles to development that this project faces without ECIDA or other public assistance. Please provide the ECIDA with documentation to support the financial obstacles to development (you will be asked to provide cash flow projections documenting costs, expenses and revenues with and without IDA and other tax credits included indicating below average return on investment rates compared to regional industry averages)

The cost of the renovation is extraordinary due to the age of the building, deterioration of all major building systems, environmental contamination throughout the complex, and the need to renovate the building according toe U.S. Dept. of Interior Standards due to the historic nature of the complex. In addition, the costs of constructing vocational training labs within an existing industrial complex also provide an additional financial obstacle to implementing this project.

Briefly summarize the demonstrated support that you intend to receive from local government entities. Please provide ECIDA with documentation of this support in the form of signed letters from these entities

We have the full support of the City of Buffalo. A letter of support is pending.

Please indicate other factors that you would like ECIDA to consider such as: structure or site presents significant public safety hazard and or environmental remediation costs, site or structure is located in a distressed census tract, structure presents significant costs associated with building code compliance, site has historical significance, site or structure is presently delinquent in property tax payments

### Section VIII: Senior Citizen Rental Housing Projects

#### Are you applying for tax incentives under the Senior Rental Housing policy?

No

Has the project received written support from the city, town or village government in which it is located?

<BLANK>

Describe the location of the project as it relates to the project's proximity to the town / village / city center or to a recognized hamlet.

Is the project consistent with the applicable municipal master plan?

<BLANK>

If yes, please provide a narrative identifying the master plan (by name) and describing how the project aligns with the plan details

Does the project advance efforts to create a walkable neighborhood and community in proximity to important local amenities and services?

<BLANK>

If yes, please provide a narrative describing the walkable nature of the project including access seniors would have to specific neighborhood amenities.

Has a market study shown that there is a significant unmet need in the local community or specific neighborhood where seniors are unable to find appropriate housing opportunities?

<BLANK>

Is the project located in an area (defined as a 1 – 5 mile radius of the project site) where there are significant local resident populations that are at or below the median income level?

<BLANK>

If yes, please describe how you made this determination based upon census tract and other relevant third party data.

Does the project provide amenities that are attractive to seniors and differentiates the project from standard market rate housing?

<BLANK>

If yes, please describe these amenities (examples may include: community rooms, social / recreational activity areas, seniororiented fixtures and safety amenities, security systems, call systems, on site medical services)

Are there impediments that hinder the ability to conventionally finance this project and /or negatively impact the project's return on investment?

<BLANK>

If yes, please briefly summarize the financial obstacles to development that this project faces without IDA or other public assistance. Please provide the IDA with documentation to support the financial obstacles to development (you will be asked to provide cash flow projections documenting costs, expenses and revenues with and without IDA and other tax credits included indicating below average return on investment rates compared to regional industry averages)

Will the project target (and maintain during the incentive period) a minimum 50% occupancy rate of senior citizens whose income is at or below 60-80% of the median income for Erie County?

<BLANK>

If yes, please describe provide a narrative citing key facts that substantiate this finding.

# Section IX: Retail Determination

Will any portion of the project (including that portion of the costs to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?	Yes
if yes, complete the Retail Questionnaire Supplement below.	
What percentage of the cost of the project will be expended on such facilities or property primarily used in making sales of goods or services to customers who personally visit the project?	65 %
If the answer to this is <b>less than 33%</b> do not complete the remainder of the page and proceed to the next section (Section V: Inter-Municipal Move Determination).	
If the answer to A is Yes <u>AND</u> the answer to Question B is greater than <u>33.33%</u> , indicate which of the following questions below apply to the project:	
Will the project be operated by a not-for-profit corporation?	Yes
Is the project location or facility likely to attract a significant number of visitors from outside the economic development region (Erie,Niagara, Allegheny, Chautauqua and Cattaraugus counties) in which the project will be located?	No
If yes, please provide a third party market analysis or other documentation supporting your response.	
Is the predominant purpose of the project to make available goods or services which would not, but for the project, be reasonably accessible to the residents of the municipality? Are services provided at the proposed project site needed because of a lack of reasonably accessible retail trade facilities offering such goods or services?	Yes
If yes, please provide a market analysis supporting your response.	
Will the project preserve permanent, private sector jobs or increase the overall number of permanent private sector jobs in the State of New York?	Yes
lf yes, explain	

The project is intended to fill an employment gap of 20,000 jobs in advanced manufacturing and electrical utilities by the year 2020.

#### Is the project located in a Highly Distressed Area?

Yes
