The buildings on this site are in extreme disrepair and imminent collapse, so much so that we have already had to expend \$150,000.00 to stabilize and reinforce the existing exterior walls to keep the building stable. The buildings have been unoccupied

since the late 90's and after being sold to a not-for-profit organization, were allowed to deteriorate into the current condition.

Please provide narrative of the proposed project and the purpose of the proposed project (new build, renovations, and/or equipment purchases). Identify specific uses occurring within the project. The project will utilize the State and Federal Historic Tax Credits to adaptively convert the buildings into 18 Affordable Apartments, Offices for NAACP, Offices for Legislator Barbara Miller Williams, a Full Service Restaurant and 1,800sf of available space for another commercial tenant. This funding will make it possible to restore and adaptively re-use a group of strategically located buildings which have been unoccupied since the early two thousands. The buildings have been rapidly advancing to infeasibility.

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

This project rests squarely inside the African American Heritage Corridor and is the first project proposed as a "Work Force Apartments" The current nature of the AMI in this Part of the City will have a large effect on the rents we can expect at 90% AMI. Also, the project budget includes almost three quarters of a million dollars specifically designated to restore, rebuild and repair the collapsing structure in order to safe it. The benefits offered by the ECIDA will have a profound effect on our success.

The marketplace in the City of Buffalo supports the residential component proposed for this project. The goal in the City of Buffalo is 400 new units per year and our 18 Units will easily be absorbed by the demand. The fact that the rents are based on 90% AMI will give us a decided edge in finding users that work in the downtown and need an affordable option other than the Market Rate units available.

Have any tenant leases been entered into for this project?
